AMENDMENT

In response to the Office Action dated March 27, 2003, please amend this application as follows:

IN THE TITLE:

Please amend the title to read --BROADCAST RECEIVING AND FAILURE

RESISTANT RECORDING APPARATUS--.

IN THE SPECIFICATION:

Page 1, please replace the last full paragraph with the following new paragraph:

One digital broadcast receiving and reproducing apparatus equipped with a sound recording function is disclosed in Japan Patent Laid-Open Pub. No. Hei 11-177511. All music received is temporarily recorded. Then, when the user issues a designation of recording, the recording of a designated song is determined. It is thereby
